

# STOLEN BASES

**T**he Shmozzlolars (they are the people who inhabit Shmozzloland) are wonderful athletes, but they never played baseball until the Right Honorable Igno Mwzxr (whose name nobody can pronounce, so don't even try) went to the United States to negotiate a trade treaty. Before he went to Washington, a friend took him to a ball game. He got so excited about it that he forgot all about the treaty (it never did get signed), and instead he bought a gross (144) of baseballs, some gloves and bats, three bags, and a home plate, which he set up in Shmozzloland. He forgot, however, to buy a rule book.

This sketch shows one of the early games played at Coconoco Field, in Shmozzloland. Whiz McGonnigle found ten things wrong in this picture. How many can *you* find? What are they?
